LICENSED NURSERY.

This list contains description and prices of varieties now in stock in salable quantities. Some are in good supply, and others in very limited amount. I believe I have made my prices low enough to move this stock quickly, so order early to be sure of getting the varieties you desire. Comparison of prices is invited. I grow many glads which are not listed here; if you do not find what you wish I may have it or can get it for you at a reasonable price. True to name, healthy bulbs, Napthalene treated. INSPECTED AND LICENSED FOR SALE by the NORTH DAKOTA STATE NURSERY INSPECTOR.

Trade sizes of bulbs are: No. 1 - $1\frac{1}{2}$ -inch; No. 2 - $1\frac{1}{4}$ -inch or over; No. 3 - 1-inch or over; No. 4, $\frac{3}{4}$ -inch or over; No. 5 - $\frac{1}{2}$ to $\frac{3}{4}$ -inch; No. 6 - $\frac{1}{2}$ inch down to $\frac{1}{4}$ inch. Standard trade practice is: No. 1 and 2 are large bulbs; No. 3 and 4 medium, and No. 5 and 6 small. My bulbs are graded accordingly, except that I do not ship any No. 6 with the small size. If you wish No. 6, you should only pay what they are worth. Largest bulbs of the grade ordered which I have on hand, are shipped. Large bulbs should be used for exhibition spike growing. Medium of most varieties give very nearly as good a spike and are a very considerable saving. Personally, I never buy anything larger than a No. 3 and usually 4s, 5s or 6s. Small (No. 5) of most kinds give fair bloom and make fine bulbs for next year, and most bulblets. Days-to-bloom given are approximate and for comparison purposes only. 70 days is a very early glad, and over 105 is very late for this region.

TERMS: Cash with order, please. On orders over \$5.00, if the customer so desires, 25% with order and balance before shipment, or C. O. D. NO SINGLE ITEM LESS THAN TEN CENTS OR ORDER LESS THAN ONE DOLLAR. All orders PREPAID in U. S. A. Remittance by Post Office or Express Money Order will be appreciated, and Money Order fee allowed for in extra bulbs.

On orders of \$3.00 to \$5.00 you may select 10% of amount of order in extra bulbs; \$5.00 to \$10.00, 15%; \$10.00 to \$20.00, 20%; \$20.00 and over, 25% in value of bulbs of your selection. Items marked with an asterisk (as "10 for .30*") means that that certain size is sold at 100 bulbs at 8 times the 10 price and 25 or more at the 100 rate. All stock offered and orders accepted subject to prior sale. 5 BULBS AT 10 RATE, 25 AT 100 RATE, UNLESS OTHERWISE LISTED. 500 Blts. at 1000 rate. Generous count and extras on all orders. NO SUBSTITUTION OF VARIETIES WITHOUT PERMISSION.

Orders shipped prepaid about March 15th or as weather permits. Orders of \$10.00 or more may be shipped by Express at any time purchaser desires, as Express is insured against freezing. Parcel Post is not safe in cold weather and cannot be insured against frost.

BULBS HEALTHY, THRIP-FREE AND TRUE TO NAME.

Join the North Dakota Horticultural Society and receive the monthly magazine - N. AND S. DAK. HORTICULTURE, and a premium of either seeds, plants or bulbs, as you may select from the list which will be sent you promptly. Dues, \$1.00 per year. Remittance may be sent to me, or Prof. A. F. Yeager, Agricultural College, Fargo, N. Dak.
